SONG CONTEST STOCKHOLM 2016

FINAL

Eurovision Song Contest 2016 handbook by ESC+Plus. All you need to know about the 42 participants to compete in Stockholm

10, 12 & 14 of May 2016

After the thrilling finish in Vienna, Austria, with Måns Zelmerlöw taking the crown with his song, "Heroes", the 61st edition of the Eurovision Song Contest will be hosted this year in Stockholm, Sweden. The contest, which has been held annually since 1956 will be making the stop in Sweden for the sixth time. Member nations of the European Broadcasting Union (EBU) are given the chance to send a participant from their country to the musical contest, which has become more and more popular throughout the world. After the performances, a winning song will be lauded as the best song according to viewers and will join an elite group of winners that includes Loreen of Sweden, the bearded lady of Austria, Conchita Wurst, two-time winner and Mr. Eurovision himself, Johnny Logan, worldwide success ABBA, and even Celine Dion.

Swedish public broadcaster, SVT, will be the local organization in charge of the contest with major telecommunications company Tele2 as a lead sponsor. The three main shows will take place at the Ericsson Globe Arena and be broadcast to nearly 200 million people across the world. Three shows, occurring on the 10th, 12th, and 14th of May will make up this year's contest — Two Semi Finals, where 36 competing countries will be narrowed down to 20, moving on to the Grand Final where they will be joined by the host country and the Big 5.

- First Semi Final: May 10 (21:00 CET)
- Second Semi Final: May 12 (21:00 CET)
- Grand Final: May 14 (21:00 CET)

The Globe Arena has a 10,500 occupancy rate with its Eurovision configuration and has played venue to many popular events, include the Eurovision Song Contest once before, in 2000.

Due to their popularity, 2015's winner Zelmerlöw, will be co-hosting the show with Petra Mede, a popular Swedish host and presenter who also hosted the 2013 Eurovision Song Contest in Sweden, co-hosted Eurovision's Greatest Hits concert in London last year, and this year's Swedish National Final, Melodifestivalen. The writing duties for the event will fall to Edward Af Sillen, who wrote for the 2010 Eurovision Song Contest and several years of Melodifestivalen.

The slogan for the 61st edition of the contest is 'Come Together', promoting the ideals of unity and extolling the virtues of musical being communicative across borders and languages. Indeed the countries will come together in the logo this year, a dandelion bloom in which each seed represents the participant countries. As the contest ends, the dandelion seeds will scatter in the winds back to their homes to plant and share the love and fellowship they experienced in Sweden.

The impressive set design for the contest also comes from a veteran team of designers. Frida Arvidsson and Viktor Brattström return after creating the staging from the contest's last visit to Sweden in Malmö 2013. No less than 26 cameras will film the artistic displays of songs and visuals to the backdrop of a 15,5 x 50 x 32-metre super-stage with a record-breaking nearly 2.000 square metre of LED-screens on the walls combined with just 250 square metre on the stage floor. Nearly two thousand lighting units along with almost a hundred different environmental effect units, including pyrotechnics, fog, and CO2, and the worlds largest video projector can be utilized by each country to make an impressive visual presentation alongside their songs.

One major change for this year occurs in the voting system. Under the guidance of Christer Björkman, Sweden's contest producer, the jury and public vote 50/50 split will remain, but will be presented drastically different. For the first time in history, the points given by each group will be announced separately, as opposed to being combined and aggregated into the traditional douze pointe allotment. Meaning that each country will get a set of points from the juries which will take the form of the 1-8, 10 and 12 points, which will be announced via remote call-ins from each country as usual, then the hosts will present the public votes for each country. The tallied public votes will start with the lowest scoring country and work their way to the most voted — causing a heightened sense of drama and tension as the winner will only be known at the very end nearly all situations. With the new system, a record point-scoring win will be all but assured, with the dreaded nul point finish being statistically unlikely.

In a number of earlier contests, runaway wins will usually obviously spotted before the voting had finished, which was the main cause for the changes to the voting system this year.

What started out with a record-matching number of participants with 43, saw Bosnia & Herzegovina, Bulgaria, Croatia, and Ukraine return, while Portugal chose not to participate. Australia returned after the special 60th invitation, but will now compete through the Semi Finals opposed to starting in the Final with the host country and the Big 5. In dramatic fashion, the Romanian entrant was disqualified just three weeks prior to the contest. Ovidiu Anton was set to perform with "Moment of Silence", and had taken part in many pre-parties and press events, but the European Broadcasting

Union(EBU) chose to expel the Romanian broadcaster, Televiziunea Romana (TVR), on grounds of non-payment of a debt in the excess of 16 million Swiss francs. The now 42 contestants matches the high of a number of years, the latest of which being the 2012 Azerbaijani edition.

Lyrics:

Don't ask me why the sun is shining
Long after the day is done
The evening falls, the bright lights
Bring out the best in me

BRIDGE:
I see massive walls weighing down the people
all around
They don't seem to mind at all
And I will try to stand my ground
Won't be bound
Brings out the best in me

CHORUS:
What's the pressure?
You will grow, you will know in the end
This is fiction
It's in your mind, live your life instead

Don't ask me why the sun is shining
Brings me all the joy and hope in live
Even though these rules they'

Try'na take over me

Biography:

Gabriela Guncíková was born on 27 June 1993 in Kroměříž, Czech Republic. She was a finalist in the second season of SuperStar and won the "New Artist" award at the 2011 Český Slavík awards.

She made two albums and played over a hundred concerts around the Czech Republic and Slovakia. In 2013 she has decided to improve her singing so she contacted one of the most famous coaches in the world, Ken Tamplin, and went to study singing in California. Gabriela has become the face of Ken Tamplin Vocal Academy, as one of the best students with a voice at the global level.

The result of their cooperation has been found by Paul O'Neill from the American band Trans-Siberian Orchestra - and that is how Gabriela has become one of the singers of this band. She performed with them on two tours and about 120 shows around the USA. Now she decided to go in the direction of her solo career.

Lyrics:

I've worn the path
I've hit the wall
I'm the one who rose and fall
I've played my heart
When I played the part
But it got me through the rain
I've felt the strain
I've made mistakes
With the monsters in my head
But in the end
You're standing there
You're the one who always cares

CHORUS:
Cause I stand
I stand
I am standing here
Just because of you
Every part of me is a part of you
I stand

I'm standing tall
I can hold it all
Now I see where I belong
The choice I made
Helped me understand
Now this life is mine to play
I am thanking you, you made me
You are my air
I'll always care!

CHORUS

You never lose hold of me
You always trust and you see

I stand (x3)
I am standing here
Just because of you
Every part of me is a part of you

Biography:

Douwe Bob (23), was born and raised in an Amsterdam artists' family. In 2012 he was voted best singer-songwriter in the Netherlands and has become established in the Dutch music scene with the #1 album Pass It On and hits like Sweet Sunshine and Hold Me Now (duet with Anouk, 2013 Eurovision Song Contest). His music is characterised by the combination of songs rooted firmly in the 60s and 70s but at the same time, has an extremely contemporary sound. A love for music from that time was something he grew up with.

The chemistry with his band members is essential; their live performances at major national and international festivals and their recent tour of the Netherlands, have been described as formidable. Slow Down is a protest song against the demands of modern life. Douwe believes that it is necessary to sit back and look at what is really important in life.

Lyrics:

I'm going nowhere and I'm going fast
I should find a place to go and rest
I should find a place to lay my head tonight

Every morning there's another start
Every morning hits so hard
Guess I'm running scared, guess I'm running on empty

Cause it seems I've been lead astray
I keep searching for an answer for a way
Won't you help me

Slow down if you can't go on
Slow down brother
Slow down brother
Slow down if you can't go on

Do you think I'll ever learn
I used to be without concern
Now all I ever do don't seem to free me

Samra Rahimli is an up-and-coming Azerbaijani singer. Her foray into the music industry began at 16 when she took part in the national selection for the 2012 Eurovision Song Contest. After impressing audiences as the youngest contestant, Samra enrolled at Azerbaijan State University of Culture and Arts. Samra returned to the spotlight in 2015, when she reached the quarter finals in The Voice of Turkey. When The Voice came to Azerbaijan in 2015, her performance of Miley Cyrus' Wrecking Ball during a blind audition amazed the audience and she reached the competition's final. Samra's singing influences include Aretha Franklin, Diana Ross and Beyoncé. She dreams to land a lead role in her favourite musical Dreamgirls. Now Samra is concentrating all her efforts on the Eurovision Song Contest. Her entry is called Miracle and despite the fairytale-like title is a dramatic break-up story. "I've been through the similar experience once," explains Samra, "It's never easy to let someone go but you have to stay strong and keep moving."

Lyrics:

You got in my head, boy, like a song
That I kept on singing, all along
But the radio stopped to play us long ago, long ago

Guess I've had enough, boy, guess I'm done
Like a burning fire, now it's gone
Thought I saw myself in you, I made a mistake,

Gonna take a miracle, oh oh
Gonna take a miracle to heal this love
Baby I won't stay another night
This time I say goodbye, I'm letting you go

Gonna take a miracle, oh oh
It was a one way road for you and I
Yeah, we built this castle based on lies
And now we have hit the point of no return
We crash and we burn, you live and you learn

CHORUS

Gonna take a miracle, oh oh
Gonna take a miracle to save us now
And I won't pretend to be alright
my heart is on the line, our end is my start

Biography:

Freddie was born in Győr, Hungary, in 1990. His dedication to music appeared quite early, as he was translating lyrics, writing poems both in English and Hungarian, but basketball also played a leading role in his life. When he had to give up his promising sports career because of a serious injury, he turned to music for comfort and took up playing the guitar.

Freddie's musical breakthrough came in 2014 after his studies as hotel management specialist, as he took part in the Hungarian edition of Rising Star. Following the TV show, his first single Mary Joe was released and became a massive hit in no time. His single was the first Hungarian one since 2011 that managed to reach number one in the Top 40 for three weeks in a row. Freddie regularly performs concerts throughout Hungary, either with a live band or as a solo singer.

Lyrics:

When you need to run away
From what other people say
Your enemy might be your own mind
A smile, a hug, a bit of praise
You haven't received for days
For long you feel mistreated

In a world where the poems sound fake
And the love is replaced by the fame

CHORUS:

A million hearts of a million people
Be proud, you were born to be real
(Ooohhh... ooohhh...)
A million lies in a million temples
It's only fear, become a pioneer
(Ooohhh... ooohhh...)

You've been weird, been a mess
They don't know how to value uniqueness
So they turn their heads away

When there ain't no products to sell
Everyone will cast their own spell

CHORUS

No right time, no right place
To meet your inner grace
Approval is found within

A million hearts of a million people
Be proud, you were born to be real
No right time, no right place
A million lies in a million temples
It's only fear, become a pioneer

Lyrics:

È la prima volta che mi capita, prima mi
chiudevo in una scatola
Sempre un po' distante dalle cose della vita
Perché così profondamente non l'avevo mai
sentita
E poi ho sentito un'emozione accendersi veloce
E farsi strada nel mio petto senza spegnere la
voce
E non sentire più tensione solo vita dentro di
me

Nessun grado di separazione
Nessun tipo di esitazione
Non c'è più nessuna divisione fra di noi
Siamo una sola direzione in questo universo
che si muove
Non c'è nessun grado di separazione

Davo meno spazio al cuore e più alla mente,
sempre un passo indietro e l'anima in allerta

e guardavo il mondo da una porta, mai
completamente aperta e non da vicino
e no non c'è alcuna esitazione finalmente
dentro di me

There is no degree of separation
There is no degree of hesitation
There is no degree of space between us, live
in love
We are stars aligned together
dancing through the sky, we are shining

Nessun grado di separazione
Nessun grado di separazione in questo
universo che si muove
E poi ho sentito un'emozione accendersi
veloce
E farsi strada nel mio petto senza spegnere la
voce

Biography:

Frans Jeppson Wall was born on December 19, 1998 in Ystad, region of Skåne in Southern Sweden. He first gained recognition during the World Cup of 2006 when he released his now famed tribute track paying homage to Zlatan Ibrahimovic, all at the tender age of seven years old. The song, named Who's Da Man swiftly became a phenomenon and Frans was soon crowned "Zlatan- Frans" with and by the Swedish people. This year, 10 years after his original homage to Zlatan, Frans is now making an explosive comeback in the Swedish Song Contest Melodifestivalen with his new track If I Were Sorry.

The track is co-written by Fredrik Andersson, Michael Saxell, Oscar Fogelström and Frans himself. The song is currently #1 on the Swedish Spotify charts, number 1 on the Swedish national single sales chart and the track has since been streamed more than 4 million times – this despite stiff competition from other strong Melodifestivalen contributions as well as world famous artists including Zayn and Rihanna.

Lyrics:

I'd crawl through the desert on my hands and knees
Rehearsin my pretty please
Climb the highest mountain, If I were sorry
Shout it from the top
Swim under water until my lungs exploded
Walk into the fire, If I were sorry
I'd run a thousand miles
Wouldn't stop until I dropped
Wouldn't take a break to breathe until I got close enough, Then I'd do it all again
If I really had the chance
But I know deep inside for you its just another dance

CHORUS:

If I were sorry, I'd give you all the glory
If I were sorry
If I were sorry, It would be a different story
If I were sorry
If I were sorry... ooohhh
I'd hold my breath until my face turned blue
I'd rob a bank and the post office too
Swim across the ocean

If I were sorry, I'd take wow of silence
I wouldn't say a single word
Until you really Heard, If I were sorry
I'd run a thousand miles
Wouldn't stop until I dropped
Wouldn't take the break to breathe
Until I I got close enough

CHORUS

Now I did you ever realize
That your mistake had a prize
Oh you threw it all away
Cuz youre the devil in disguise
Now would you ever realize
The consequences of your lies
And would you save the falling tear or act as if
There's nothing there

If I were sorry (If I were sorry) (x2)
If I were sorry, I'd take a vow of silence
I wouldn't say a single word (If I were sorry)
If I were sorry, I'd be on my hands and knees

Performer(s):	Jamie Lee Kriewitz
Song:	Ghost
Composer(s):	Anna Leyne, Thomas Burchia, Conrad Hensel
Writer(s):	Anna Leyne
Debut Show:	Final
Selection Method:	External (Unser Lied für Stockholm)
Twitter:	@JamieLeeKriewit

Biography:

This fascinating, independent and exceptional artist, whose full name is Jamie-Lee Kriewitz, doesn't take herself too seriously. She dreams of taking a trip to Korea, lives as a vegan and is an absolute fan of the Japanese Decora Kei style, as anyone can easily see in the playful, extrovert and colourful Manga looks that she wears. A style with which Jamie-Lee is already setting a trend: her eye-catching outfits have already become hot topics on social networks and no doubt all eyes will be on her in Stockholm.

Through her music, Jamie-Lee expresses her preference for the comics aesthetics from the Far East. With her pop ballad Ghost, Jamie-Lee takes us into the secret meanders of her fantasy realm. Ghost is a rather sad love song, which depicts a story that anyone can relate to.

Lyrics:

The story of us
Is it already told?
Let's tear the book apart
Start to rewrite it all
We're already gone
But still in this together
Like a dragon to his gold
We're still holding on

BRIDGE:
Our life won't wait for us to live
(We don't need a lifetime to figure out what we miss)
The love we get is the love we give
(A money chest full of love, but we hid the key)

CHORUS:
This is the ghost of you
Haunting the ghost of me
We're lonely in a crowded room together
Tell me who's scared now!
This is the ghost of you
Haunting the ghost of me

We're playing house in these walls forever
Tell me who's scared now!
(Can we get an alternate ending?
Can we get an alternate ending?
Oooooohohoh)

Somehow we will change
Everything that we touch
But we held on too tight
And changed it too much
We sweep up this love
Put the pieces back together

Writer(s):	Nazim Khaled & Amir Haddad
Debut Show:	Final
Selection Method:	Internal

Biography:

Since Amir was a child, he has dreamt of performing on stage and always had the ambition to become an artist. After being a dental surgeon, Amir tried his luck in the world of music and started a professional singing career.

In 2013 Amir took part in the talent TV music show The Voice where he got recognition from all four judges in the "blind auditions". The audience also voted for Amir and brought him to the final. At the same time, Amir started to write songs. His album Au coeur de moi includes themes that the singer cherishes, his spirituality, his idealism and musical influences.

J'ai cherché is Amir's first single. With his music, Amir wants his fans to hear the message that came from far away, but also from nearby to guide us to ourselves, to make us joyful, just for a moment which becomes eternity.

Lyrics:

You... you...

J'ai cherché un sens à mon existence, J'y ai
laissé mon innocence
J'ai fini le coeur sans défense... J'ai cherché
L'amour et la reconnaissance, J'ai payé le prix
du silence, Je me blesse et je recommence.

BRIDGE:

Tu m'as comme donné l'envie d'être moi
Donné un sens à mes pourquoi
Tu as tué la peur... qui dormait là, qui dormait là
dans mes bras

CHORUS (x2):

You... you're the one that's making me strong
I'll be looking looking for
You... like the melody of my song

J'ai cherché un sens, un point de repère,
partagé en 2 hémisphères

Comme une erreur de l'univers... J'ai jeté
Tellement de bouteilles à la mer, J'ai bu tant
de liqueurs amères, que j'en ai les lèvres de
pierre

BRIDGE

CHORUS (x2)

Au gré de nos blessures, et de nos
désinvoltures
C'est quand on n'y croit plus du tout, qu'on
trouve un paradis perdu
En nous... Oh you you you you

When loneliness is knocking on your door
Everything you loved just disappears
And when you feel that everything is lost
You need to know there's no life without tears

CHORUS:
Ooohh tell me black or white
What color is your life
Ooohhh try to ask your heart
Who you really are

No one is forever beautiful and young
Everything you know just disappears
Fame and gold are nothing you can be sure
When there is no love in your heart
You need to know there's no life without fear

The choice is yours who you really want to be
Don't be afraid of your destiny
So when you feel that everything is lost

CHORUS

Every day we must fight with the wind
We have to live
All these things are just empty desire
Cause there's no smoke without fire

Biography:

Like all great stories, Dami Im's life sounds a lot like a fairy tale. There's a certain amount of struggle, a determination to succeed and then the joys that success itself eventually brings. Dami was born in South Korea, she moved to Brisbane, Australia with her family when she was 9.

A classically trained pianist, she learnt how to speak English through listening to pop songs. Dami arrived in the spotlight seemingly out of nowhere in 2013, taking out the X Factor crown. Her astonishing voice and transformation into a fully-fledged pop performer won the hearts of the Australian public. More success followed as Dami earned a number one album with Dami Im and followed it with the hugely successful Top 10 release, Heart Beats and hits such as Alive, Super Love and Gladiator.

Dami, like all great singers knows how to inhabit a song and make it her own. Her choice of stage-wear may draw an audience in, but the real exchange comes when an audience hears her remarkable voice.

Lyrics:

Growing tired and weary brown eyes
Trying to feel your love through face time
Symphonies of dreams and highlights
Caught up in this crazy fast life
But baby you're not here with me

BRIDGE:

Lyrics:

Lightning strikes on the sea
Breaking waves around me

Harbours near, No more fear
Wall of clouds disappears
So I steer to the pier

À la recherche du paradis
Dans un pays loin d'ici
On chante, on chante

Et quand la route nous semble sans issue
Sans aucun doute, j'te suis
Sans aucun doute, même si on s'ra perdu
Sans aucun doute, j'te suis

CHORUS (x2)

On chante et on danse et on rit, on s'élance,
réuni, enivré, dans l'imprudence

CHORUS (x2)

Dans un pays (à la recherche) du paradis
(dans un pays)
Dans un pays on chante, on chante
On chante, on chante, on danse, on danse
Dans un pays
On chante, on chante, on danse, on danse
Loin d'ici

Joe and Jake are a fun loving duo with a natural rapport and a firm friendship. They are extremely proud and excited to be representing the United Kingdom in Stockholm this year.

Lyrics:

Heartbeat, when you're not around its beating slow, and it's something that I've never known... ooohhh... I'll be, I'll be the answer you've been waiting for, I'll be the truth that you've been looking for... ooohhh

You're not alone, we're in this together, all that you want is right here forever, and they don't need to know... ooohhh... and they don't need to know

You're not alone, we're in this together, all that you want, I'm right here forever, and they don't need to know... ooohhh... and they don't need to know

You're free, free to let go cause I'll be here for you, and when you fall I'll be your parachute... ooohhh... I, I, I feel like I'm dancing in the sky, I come alive when I'm with you, I come alive when I'm with you

You're not alone, we're in this together, all that you want is right here forever, and they don't need to know... ooohhh... and they don't need to know

I, I, I feel like I'm dancing in the sky, I come alive when I'm with you, I come alive when I'm with you

Don't speak, your smile tells me all I need to know, your eyes show me where I want to go... ooohhh

You're not alone, we're in this together, all that you want is right here forever, and they don't need to know... ooohhh... and they don't need to know

I, I, I feel like I'm dancing in the sky, I come alive when I'm with you, I come alive when I'm with you

Lyrics:

Hey it's me. Look, I know it might sound
strange but suddenly I'm not the same I used
to be.
It's like I've stepped out of space and time and
come alive... I guess this is what it's all about
cause...

When it touched me the world went silent,
calm before the storm reaches me.
The ground in motion set off all sirens, you
took over my heartbeat... beat... beat... beat...
It's taking over me.

You... shook my life like an earthquake now I'm
waking up
You... gave me faith now I can break every
single wall,
You... prove we can do it all when all is out of
love,
You... (oh like a lovewave) spread a lovewave
'n my heart goes ba-ba-da-bu-who-oh-oh.

Caught in a downward spiral, I lost my soul in
my dreams.
I would give up and lose all trials, when one
moment changed everything.
Without even a single warning, I'm not who I
was before.
A chain reaction with no returning, now watch
me craving for more.

It's taking over me.

It's taking, it's taking over me.

You... (oh like a lovewave) shook my life like
an earthquake now I'm waking up,
You... (oh like a lovewave) gave me faith now I
can break every single wall,
You... (oh like a lovewave) prove we can do it
all when all is out of love,
You... (oh like a lovewave) spread a lovewave
'n my heart goes ba-ba-da-bu-who-oh-oh.
